Recent cultural interest in evangelicalism has led to considerable confusion about what the term actually means. Many young Christians are tempted to discard the label altogether, but evangelicalism is not merely a political movement in decline or a sociological phenomenon on the rise as it has sometimes been portrayed. It is, in fact, a helpful theological profile that manifests itself in beliefs, ethics, and church life. DeYoung and other key twenty- and thirty-something evangelical Christian leaders present don't call it a comeback; the same evangelical faith for a new day to assert the stability, relevance, and necessity of Christian orthodoxy today. This book introduces young, new, and under-disciplined Christians to the most essential and basic issues of faith in general and of evangelicalism in particular. Kevin DeYoung and contributors like Russell Moore, Darrin Patrick, Justin Taylor, Thabiti M. Anyabwile, and Tim Challies examine what evangelical Christianity is and does within the broad categories of history, theology, and practice. They demonstrate that evangelicalism is still biblically and historically rooted and remains the same framework for faith that we need today.

The book argues for seeing Calvinian influence as the most significant influence for the Scottish Reformation movement of 1560.
